MEMORANDUM FOR: Deputy Director for Administration

FROM: Robert A. Ingram, M.D.
Director of Medical Services

SUBJECT: Economic Intelligence for American Business

2. My thoughts on who the appropriate intermediaries might be are less clear, but I would prefer that they be non-partisan and at the Congressional or Executive Branch level since the risk of favoritism in this matter is significant.

3. The issue is important enough that it is worth the potential risks rather than deprive the American economy of its rightful advantage in the world market.
